PROJECTS

Bankist-App Project

A modern banking web application built with HTML, CSS, and JavaScript. This project simulates a digital banking experience with features like money transfers, loan requests, and account closure.

Bankist website Landing Page

Developed banking website with modern JavaScript features (modals, smooth scrolling, lazy loading, animations, and slider) Note: not responsive yet.

Link https://ahmadubaid061.github.io/Bank_website/

Dice Game

Built a two-player dice game using HTML, CSS, and JavaScript with interactive UI, animations, and game logic (scoring, player turns, and win conditions).

Link <https://ahmadubaid061.github.io/Dice-Game/>

E-Commerce Website Template

A responsive e-commerce website showcasing a variety of sports products .
